

**OSS Present Equipment inventory****(Items ready for immediate delivery) – 29/04/2016**

Item	Quantity
<b>4145H Steel Float &amp; Bit Subs</b>	
9-1/2"4145H Steel Float Sub (7-5/8"Reg Connections)	5
8"4145H Steel Float Sub (6-5/8"Reg Connections)	5
6-3/4"4145H Steel Float Sub (NC50 Connections)	5
4-3/4"4145H Steel Float Sub (NC38 Connections)	5
9-1/2"4145 Bit Sub (7-5/8"Reg Connections)	3
8"4145 Bit Sub (6-5/8"Reg Connections)	3
6-3/4"4145 Bit Sub (NC50 x 4-1/2"Reg Connections)	3
4-3/4"4145 Bit Sub (NC38 x 3-1/2"Reg Connections)	3
<b>4145H Steel Lifting Subs</b>	
9-1/2" with 7-5/8"Reg Pin x 18" Taper elevator slip groove	2
8" with 6-5/8"Reg Pin x 18" Taper elevator slip groove	6
6-3/4" with NC50 Pin x 18" Taper elevator slip groove	6
4-3/4" with NC38 Pin x 18" Taper elevator slip groove	4
<b>4145H Steel IB String &amp; Near Bit Stabilizers with HF3K</b>	
16-1/4" IB String Stabilizer with HF3K (7-5/8"Reg connections)	3
16-1/4" IB Near Bit Stabilizer with HF3K (6-5/8"Reg connections)	1
12-1/8" IB Near Bit Stabilizer with HF3K (6-5/8"Reg connections)	1
8-1/4" IB Near Bit Stabilizer with HF3K (NC50 Box x 4-1/2"Reg Box connections)	1
8-3/8" IB String Stabilizer with HF3K (NC50 connections)	2
8-1/8" IB String Stabilizer with HF3K (NC50 connections)	2
8" IB String Stabilizer with HF3K (NC50 connections)	2
<b>110KSI Amagnit Non Magnetic Drill Collar</b>	
9-1/2"OD x 31' (7-5/8"Reg Connections)	5
8"OD x 31' (6-5/8"Reg Connections)	8
6-3/4"OD x 31' (NC50 Connections)	10
4-3/4"OD x 31' (NC38 Connections)	8

## Existing Raw Materials in our Inventory

- 4145H Steel Bored Bar materials for Stabilizer, Subs and Sleeves (9-1/2"OD x 3"ID, 8-1/4"OD x 2-13/16"ID, 6-3/4"OD x 2-13/16"ID/, 4-3/4"OD x 2-1/8"ID)
- 4340V Solid Bar for Jar Components (205mm OD & 180mm OD)
- Jorgensen Forge 110KSI NM IB Stabilizer Forging (17-1/2"OD & 12-1/4"OD)
- Amagnit 501 110KSI NMDC Material (9-1/2"OD, 8-1/4"OD, 8"OD, 6-3/4"OD & 4-3/4")
- Amagnit 601 140KSI NM Materials (9"OD & 7"OD)

A skilled workforce, a well organized manufacturing facility as well as dedication to quality and service form the foundation of our business. Today, OSS has successfully implemented a quality management system that complies with the ISO (International Organization for Standardization) 9001 standard, ISO9001:2008 which also incorporates the American Petroleum Institute Standard (API), namely API Specification Q1, API Spec 7-1 and 7-2 and ISO/TS29001:2010 with API Monogram license

Every tool manufactured or repaired by OSS is delivered to the customer with OSS's Certificate of Conformity (COC) and 3rd Party Inspection Certification. Material Certifications are further provided for turnkey productions.

OSS is an ARNCO certified applicator for 100XT, 150XT, 300XT and 350XT hard-banding. We are also licensed to thread DSTJ connections from TenarisHydril, DS50 from Drillpipe Master & TS6/8 from TPS.

The main goal of OSS is to assist customers in getting the right product at the right price, delivered at the right time.

We are in business to help your business succeed.
